## Denfeld Is Fired As Top Admiral In U.S.

### Truman Says It Is For Good Of U.S.

Washington, Oct. 27—(AP)—Admiral Louis E. Denfeld, who charged that the navy's offensive power was being ruined under the unified defense set-up, was fired today by President Truman from his post as the nation's top admiral.

Mr. Truman told his news conference he was ousting Denfeld as chief of naval operations on the advice of Secretary of the Navy Matthews that it was vital "for the good of the country."

Matthews said in a letter to the president:

**Integrity Indispensable**  
"A military establishment is not a political democracy. Integrity of command is indispensable at all times."

"There can be no twilight zone in the measure of loyalty to superiors and respect for authority existing between various official ranks. Inability to conform to such requirements for military stability would disqualify any of us for positions subordinate to the commander-in-chief."

Denfeld himself heard the news when an aide handed him a copy of a news ticker report. He was attending a meeting of the joint chiefs of staff. Incidentally, the development came on what used to be Navy Day, a day of celebration for the nation's sea forces.

Mr. Truman told reporters he did not know whether Denfeld would accept transfer to other duties or resign. Denfeld had no immediate statement.

The removal came even as some congress members demanded that the admiral not be "purged." Some others said, however, that action was necessary in view of the angry row in the armed services.

Rep. Short (R-Mo.), who had warned against any reprisals arising from testimony given by admirals and generals in the recent House armed services committee hearings, said when he heard the news that he was "stunned."

"We'll have to do something about it when we come back in January," Short said.

Senator Kefauver (D-Tenn.) said he "regretted" the action, and Rep. Sasser (D-Md.) called Denfeld's removal "a setback to unification."

Criticizing what he termed "goose-stepping subjugation," Sasser declared it is now a question whether congressional committees will be able to "get information from high government officials without their being threatened with removal by the president."

But Rep. Kilday (D-Tex.) said Denfeld has challenged civilian control of the armed services and had impaired his usefulness.

## Czechs Expell Two French Diplomats On Spy Charges

Prague, Czechoslovakia, Oct. 27—(AP)—In a growing attack on western diplomats, Czechoslovakia today expelled two members of the French embassy on charges of trying to spy out the nation's uranium mining secrets. Another Frenchman was arrested.

Uranium is used in making atomic energy. Most of Czechoslovakia's mines are reported operated under the direction of Soviet Russia and mostly for Russian benefit. The largest are located around Jachymov (Joachimsthal), in western Bohemia near the Soviet zone of Germany.

The communist-led government ordered that the French military attaché, Col. George Hellot, leave the country within 12 hours. It said a former member of the French embassy, Gervaise Garette, was under arrest in the case.

Three Americans have been similarly accused of espionage work in the last week. Two were ordered expelled. The third, Czech-born Samuel Meryn, 39, a clerk in the U.S. military attaché's office, was arrested.

## Admits Tuscola Is Horse, Buggy Town

Tuscola, Ill., Oct. 27—(AP)—Tom Bundy is one Chamber of Commerce secretary who readily admits his is a horse and buggy town.

Bundy said today he has asked the city council to place a new hitching rack beside parking meters on the courthouse square in Tuscola.

The rack, he explained, is needed by Amish farmers who drive to town in buggies. Members of the Amish religious sect will have no part of automobiles or other mechanical contraptions.

Unlike the parking meters, the proposed rack would offer free hitching.

## Two Scientists Share Nobel Medicine Prize

Stockholm, Sweden, Oct. 27—(AP)—The 1949 Nobel prize for medicine was awarded jointly today to a Swiss and a Portuguese scientist for their discoveries in the function of the brain—both human and animal.

They are Dr. Walter Rudolph Hess, 68, director of Zurich University's physiological institute, and Dr. Antonio Caetano de Abreu Freire Egas Moniz, 75, professor emeritus of neurology at Lisbon University's faculty of medicine.

Dr. Hess is one of the world's leading specialists in the circulation of the blood and breathing, and has developed important new concepts on how the nervous system works.

Dr. Moniz is a world-renowned neurologist, author of 300 medical books and one-time member of Portugal's parliament and foreign minister. Although his hands are deformed from the effects of radioactivity to which he was exposed in his experiments, he developed a revolutionary brain operation for the treatment of certain mental diseases.

The two scientists are not personally acquainted.

They will divide prize money of 156,289 crowns, about \$30,000.

Half of the prize was awarded Dr. Hess for his experiments on the brains of cats and dogs. His studies of the reaction of animals to electric shocks helped to dispell previous theories concerning the effect of instinct, power of observation and natural intelligence upon their behavior.

Dr. Moniz gets the other half of the prize for perfecting a surgical technique which opened up new possibilities to cure mental illnesses.

He devised an operation called prefrontal lobotomy or prefrontal leucotomy which produced brilliant results in the treatment of schizophrenia (severe case of split personality) and paranoia (persecution mania).

China Tells U.N.  
Russia Has Armed  
Commie Armies

Lake Success, Oct. 27—(AP)—China told the United Nations today the Soviet Union has armed hundreds of thousands of the Chinese reds who have driven the nationalist government back to the wartime capital at Chungking.

Nationalist China's Chieh-Hou Kan and Soviet Foreign Minister Andrei V. Vishinsky hurled bitter charges at each other in the midst of a political committee debate on the Greek-Balkan problem.

The Chinese delegate likened the situation in Greece to that in China. He said that in both countries there could be seen a new kind of imperialism which operates in the name of democracy and liberation to overthrow governments.

He declared this was "the most horrible and cruel kind of imperialism" ever seen in the world.

Vishinsky, implying that the Chinese nationalist delegation might find itself without a government to represent here, compared the remarks of Chieh-Hou Kan to those of "an orphan wailing over its yawning grave."

Sangamon County  
Appoints Weiner  
Public Defender

Springfield, Ill., Oct. 27—(AP)—The office of public defender, created in downstate Illinois counties by a 1949 legislative act, was filled today in Sangamon county.

Jack H. Weiner, a veteran of 21 years practice, was appointed to the post by three judges of the Seventh judicial circuit. His salary will be fixed later by the county board under the new law.

The public defender's duty is to represent persons accused of criminal offenses and unable to pay for counsel.

## British Laborites Survive 8th No Confidence Motion

London, Oct. 27—(AP)—Britain's labor government, beset by economic problems, survived its eighth motion of no confidence in the House of Commons tonight by a vote of 353 to 222. But it was the largest vote mustered by the conservatives since labor took over more than four years ago.

The labor government went on to sweep the field with its own motion of confidence, 337 to 5. Most of its opponents declined to vote.

Conservatives, headed by Winston Churchill, offered the no confidence motion.

The tests came at the end of two days of debate on Prime Minister Attlee's slashes of 280,000,000 pounds (\$784,000,000) in the year's 3,300,000,000 pound (\$9,240,000,000) budget.

These were announced Monday. Opponents contended the cuts were "too little and too late."

The government's brief motion of confidence asked for approval of its economy program. Princess Margaret was one of the spectators in the gallery when the vote was taken.

## Victim Of Masked Mob Points Out Another Of Gang

Birmingham Ala., Oct. 27—(AP)—A young girl victim of masked mobsters halted her testimony in a flogging trial today to point out a man in the courtroom audience as a member of the robed band which raided her home.

Sally Burton, 17, made the identification at the trial of Coleman A. "Brownie" Lollar, former special deputy sheriff.

The man she identified was R. J. Sexton. He then was sent out of the courtroom as a prospective witness.

A few minutes later, Sexton was back for a contempt of court hearing. Miles Denham, reporter for the Birmingham age-herald, testified Sexton slapped Mrs. Irene Burton, mother of Sally, in the witness room.

Judge Robert J. Wheeler sentenced Sexton to 24 hours in jail for contempt. The sentence was stricken when Sexton wept and apologized.

Miss Burton had testified she recognized Lollar's voice in the mob which came to her home at Dorla last June 3, took six people from it into the woods and whipped three of them.

She turned to Judge Wheeler to say: "Judge, I recognize another man in that mob. He is sitting in the aisle."

Judge Wheeler asked her to point him out.

The witness left the stand, walked into the crowd and put her hand on Sexton's shoulder. "Here he is," she said.

George Rogers, attorney for Lollar, then moved for a mistrial. The judge denied the motion.

Two other state witnesses previously had testified they recognized Lollar's voice when robed and hooded mobs flogged them.

One was Mrs. Albert Sanders, whipped the night of April 22. The other was Willie Stevens, flogged the night of May 19.

## Says Newspaper Publishing Will Be Much Improved

Peoria, Ill., Oct. 27—(AP)—Frank E. Gannett, newspaper publisher, said today that new publishing methods put the newspaper industry on the brink of its greatest forward step in 50 years.

He said new photographic methods of reproduction and use of plastic instead of heavier metal for type will cut printing costs and result in cheaper and more widespread public reading of newspapers—"the poor man's university."

The day isn't far off, he told a reporter, when newspapers will be printed in as many colors as many so-called slick-paper magazines.

Gannett, of Rochester, N.Y., is president of the Gannett Company, Inc., publishers of 21 newspapers in New York and other states. He was visiting his son, Dixon, 21, a journalism student at Bradley University, Peoria.

Gannett said in the interview that he is glad his son chose Bradley because Gannett, although a native of New York and a Cornell alumnus, thinks the Midwest "is more democratic than the snooty east."

## Bridges Hints Of Peace Between CIO And Longshoremen

Cleveland, Oct. 27—(AP)—Lest Labor Leader Harry Bridges hinted tonight of a peace overture aimed at narrowing the breach between his Longshoremen's union and the CIO in advance of the CIO convention.

It was the second apparently conciliatory move by a left-wing CIO affiliate threatened with expulsion at the convention here next week.

The other was by the United Electrical workers.

Bridges, at a news conference disclosed that he and about a dozen "rank-and-file" members of his union will meet Saturday with CIO President Philip Murray.

He said his union wanted to "get straightened out" on two matters: autonomy—The right of individual unions and members to disagree with CIO policy, particularly when it concerns politics.

2. The Longshoremen's membership in the communist-dominated world federation of trade unions.

## Says U. S. Taxes Greatest Threat To Small Business

Chicago, Oct. 27—(AP)—An economist said today that federal taxes rather than unfair competition by giant corporations constitute the greatest threat to small business.

The Rev. Edward A. Keller, director of the University of Notre Dame's bureau of economic research, called for an overhaul of the federal tax system. He addressed the National Metal Trades association's 50th annual convention.

"Small business has not been able to improve and expand its tools by plowing back earnings as cooperatives were allowed to do, because the federal government has taken such a large slice of its earnings," Father Keller said.

He urged that the tax structure be revised "to allow small business units to be established, grow and prosper."

## Illinois Stockmen Fattening Less Cattle On Grain

Springfield, Ill., Oct. 27—(AP)—Illinois stockmen are fattening fewer cattle on grain this fall but have more in pasture, the state federal agriculture departments said today.

Cattle on grain feed Oct. 1 totaled 201,000, the departments reported, down nine percent from a year ago. However, 272,000 head of stocker and feeder animals were shipped in from other states from July 1 through September, including a record high of 142,000 in September alone.

This was four head for every three in the corresponding 1948 period.

Because pastures have been in excellent shape, an unusually high proportion of improved cattle was left on grass—or turned into corn fields to feed on dropped ears.

The survey showed that farmers plan to market 53 percent of stock on feed by the first of the year.

**PRETZELS FOR HALLOWEENERS**  
Easton, Pa., Oct. 27—(AP)—Police cars in this city will be armed with pretzels Halloween night. The idea is for the police to obtain better goblin-night relations with boys by offering them pretzels instead of chasing them.

**POLICEMAN DIES**  
East St. Louis, Ill., Oct. 27—(AP)—Sgt. Michael J. O'Brien, member of the East St. Louis police force for 19 years, died today of a heart ailment. He was 72.

## Truman Says Strike Intervention Far Off

### 8 Escaped Convicts Still Eluding Dragnet

Wilmington, Del., Oct. 27—(AP)—Eight escaped convicts eluded a police dragnet today as the search for the gun-toting fugitives fanned out along the eastern seaboard.

The eight broke out of New Castle county workhouse near Wilmington last night. By noon today police reported they had lost track of their movements. All are described as "hardened criminals who would shoot to kill."

At least two of the fugitives led by a 20-year-old convicted killer are known to have made their escape in an automobile.

The car was found abandoned on a street at Kennett Square, Pa., some 40 miles from Wilmington.

Police aided by low-flying observation planes combed a wide area in Delaware, Pennsylvania, New Jersey and Maryland, but found no clues.

Meanwhile, the prison chaplain, the Rev. Francis X. Burns, reported that three of the fugitives claimed early this year they had told Delaware state police they "could break out any time."

"These same prisoners," Father Burns said, "claimed they also told troopers less than two months ago that they had obtained the equipment necessary for that escape from prison guards. Whether this is true or not probably never will be known."

State police officials said that what Father Burns had to say was "all news" to them, that they had heard nothing of the report previously.

Police described 20-year-old Danny Norris of Wilmington as the ring leader of the group. It was Norris, who set the escape machinery in motion by asking guard Captain Harry Harrington for an aspirin.

Then the eight jumped Harrington and another guard. The two guards were marched into a cell and locked up. Another guard was seized and used as a shield until the fugitives reached the gate to the outside.

Along with Allen's appointment, Mr. Truman announced that he was accepting "with much regret" the resignation of Ambassador C. V. Allen to be ambassador to Yugoslavia, a key post in one of the most important sectors of the cold war.

Allen called his new job a "terrifically challenging post." He returned to this country today from London where he attended a meeting of American ambassadors from the Iron Curtain countries of Eastern Europe.

## Progressive Mine Workers Extend Their Contract

Springfield, Ill., Oct. 27—(AP)—The Progressive Mine Workers today extended their contract with the Coal Producers Association of Illinois through Nov. 30.

Under the extension agreement, any pay boosts and increases in welfare fund contributions by operators will be made retroactive to Oct. 1.

The PMW one year contract expired last June 1. It was extended for 31 days and later for an indefinite period without the retroactive clause. Early in October, an extension to Oct. 31 was agreed on and the retroactive feature inserted.

Negotiations on a new contract have been in progress. Intermittently for five months.

The union, whose 15,000 Illinois members have stayed on the job during the strike of rival United miners, is seeking higher wages, a shorter work week and increased welfare fund benefits.

## Soldiers May Go Back To Europe To Marry Sweethearts

Frankfurt, Germany, Oct. 27—(AP)—American soldiers who have left illegitimate children in Germany may get a chance to return temporarily to marry the mothers.

The U. S. Army in Europe has no objection to the return of military personnel on leave or furlough for this purpose officials said today.

The official attitude was outlined in reply to a query from the army department.

## Georges Bidault Confirmed As New Premier Of France

Paris, Friday, Oct. 28—(AP)—Georges Bidault, a wartime resistance leader who served later as foreign minister, was confirmed early today as the new premier of France.

The vote in the national assembly was 367 for him and 183 against. He needed only 310 votes.

The action meant an end to the three-party coalition of centrist groups that has been governing France for more than two years.

It includes socialists, radical socialists (moderates), and Bidault's own MRP, a slightly left-of-center mostly Catholic party.

In his address yesterday to the national assembly Bidault followed almost the same program that had been outlined by Moch and Mayer.

Bidault has been working since Sunday in an effort to line up support of the socialists and radical socialists for his cabinet. He reached premiers but none received more final agreement yesterday after he had made his address to the assembly.

## Sees No U.S. Emergency At Present

Washington, Oct. 27—(AP)—President Truman said today the time for him to declare a national emergency to end the steel and coal strikes is still a long way off.

This seemed to spike reports that he would invoke the Taft-Hartley law's strike halting court injunction procedures any time soon.

It didn't rule out entirely the possibility the president may take a hand to some extent, such as a personal appeal for strike peace. Such a step was suggested today by Senator Humphrey (D-Minn.).

Have Not Hurt U. S.  
Mr. Truman declared in no uncertain terms he doesn't believe the 27-day steel and 36-day coal strikes had hurt the country enough yet to call them emergencies.

He said it was up to him, the president, to find that a national emergency exists before the Taft-Hartley law can be invoked. He did say, though, that congress could meet and declare an emergency.

Mr. Truman said he will not hesitate to use Taft-Hartley emergency provisions when he becomes convinced a steel-coal emergency has arrived. But he said that was a long way off.

But Senator Wherry (R-Neb.), the republican floor leader in the Senate, said:

"If the president does not see a national emergency as a result of the coal and steel strikes, he is about the only person in the country who doesn't."

Statement 'Startling'  
Senator Edwin C. Johnson (D-Colo.) said the president's statement about an emergency being a long way off was "startling" but he declined further comment.

The strikes have been going on long enough so that every day puts a new dent in the nation's economy. Therefore many officials felt the president will have to study strike effects almost daily from now on to satisfy himself on whether they had reached emergency proportions.

The president's stated "hands off" policy was seen as a move to strengthen the role of mediation chief Cyrus S. Ching. Ching now is in New York trying to devise some peace move in the steel situation.

Settlement prospects in both steel and coal seemed as dim as ever, however.

President Truman ruled out the suggestion made by a number of steel companies for reconvening the fact-finding board which recommended a steel settlement plan.

Mr. Truman was very firm in saying this board had done its job and he has no intention of recalling it. The manner in which the president responded to questions indicated he feels the board's findings are fair.

## Czech People Boo As Commentator Criticizes Crosby

Prague, Oct. 27—(AP)—An overflow Prague music theater audience tonight burst out with a storm of angry protests when a program commentator criticized Bing Crosby as a "greedy American money-seeker who sacrifices his art for gold."

The Czech audience, including many hobby-soxers, had stood in long queues to jam into the little theater to hear a two-hour program of Crosby recordings. It loosed salvos of shouts and whistling in defense of Bing.

The crowd didn't even relent when the announcer said some kind words for Bing's rival, Frank Sinatra.

Before the program started, an unidentified announcer speaking over the amplifying system declared:

"Now first let us consider this Bing Crosby. He's a typical example of a man who sacrifices his art to get money. He sings in a way so sentimentally sweet it makes you sick (Czech expression unprintable)."

The audience burst out with whistles and boos.

## 6 KILLED IN CRASH

London, Friday, Oct. 28—(AP)—Six persons were reported killed early today when a private, owned amphibian plane crashed on takeoff from London airport, the British Press Association said. The plane, owned by the Imperial Oil Co., was en route to Rome. It burst into flames.

## NO KIN OF SHAKESPEARE

The Communists, having few modern writers of depth  
who accept their views, heap their favors on realists who ex-  
pose the worst in capitalism, like Erskine and Faulkner.And since Shakespeare knew life and exposed its follies  
and futilities, they claim some kinship with him. This was evi-  
denced when the Communist-dominated Bulgarian journalists' union  
denounced the producer of Shakespeare's "Twelfth Night" as an  
inoffensive and light comedy. They said the producer missed the  
whole point of the play—its profound social content and "the gen-  
eral ideological development of the plot."The truth is, the Communists are hard up to find support  
from writers of keen observation. Shakespeare certainly did not  
voice any collectivist views. He harpooned the seekers of money  
when he said: "Gold is worse poison to men's souls, doing more  
murders in this loathsome world, than any mortal drug"; but he  
also said: "Oh, what a world of vile ill-flavored faults looks hand-  
some in three hundred pounds a year!"His injunction, "Neither a borrower nor a lender be," was  
more a call for industry and thrift than a denunciation of cap-  
italism. Anyway, the Soviet government of Russia believes in  
lending and borrowing, since it maintains one of the largest  
programs of capital expenditures in the world. It also main-  
tains sharp expenditures in working wages and its leaders dine  
on caviar and vodka.It is too bad that Communism did not exist in Shake-  
speare's day, for you can be sure that his keen mind would  
have penetrated its hypocrisies and left the world some choice  
observations about them.

## CIRCUS SUE

## FOR DAMAGES

Olney, Ill., Oct. 27.—(P)—The Mills  
Brothers Circus was asked for  
\$25,000 alleged damages in a suit  
filed today in Richland county cir-

Attend Program Here

"Progress Through Action" was

the theme of the 28th annual con-  
ference of District 13, Illinois Con-  
ference of Parents and Teachers, which  
convened Wednesday at the Franklin  
elementary school in this city for an  
all-day program. Members and dele-  
gates from Cass, Greene, Scott and  
Morgan counties were in attendance.Mrs. Paul Smith of Bluffs, district  
director; Mrs. Luther Vortman, dis-  
trict secretary; and Mrs. Ernest Sav-  
age, general chairman of arrange-  
ments, were in charge of the confer-  
ence.The conference was called to order  
by Mrs. Smith, after which Rev.  
Lewis N. Raymond gave the invoca-  
tion. The presentation of colors and  
the pledge to the flag were conducted  
by Boy Scouts of the Franklin

Mrs. Luther Vortman submitted a  
report of the 1948 conference which  
was held at Winchester. The state  
president, state board members, dis-  
trict assistants and county extension  
chairmen were then introduced by  
Mrs. Smith.Mrs. Lee V. Vernon, chairman of  
the National Parent-Teacher mag-  
azine, spoke on the subject of "A  
Service For Every Community  
Child." She showed how children  
can be aided by parents in school  
work.Mrs. Ralph Merz, a member of the  
state music committee of the Illinois  
Congress of P.T.A., discussed "What  
Music Means to the Home, Church  
and School" and led the assembly in  
several action songs.Mrs. Paul Vannier of Bluffs, editor  
of the Illinois Parent-Teacher, led a  
discussion on "What It Takes to Be  
Popular.""Regardless of the age of the child,  
all age groups should find mutual  
understanding and respect toward  
their parents in their behavior and  
school curriculum," Mrs. Vannier  
said.The afternoon session opened with  
pupils of the various schools present-  
ing a musical program under direc-  
tion of O. A. Schuette. Pupils taking  
part were Mary Ellen Goady, Rhoda  
Baker, Carol Townsend, Jimmy  
Green, Wayne Smith, Gary Moore,  
Carol Omundson, Patsy Patrick,  
LaVerne Poole and Janet Turner.Mrs. Russell H. Oclinger, state  
president, spoke on "Promoting Par-  
ent Education." Mrs. Oclinger said  
the P.T.A. furnishes a common  
ground in which parents may meet  
and plan better educational advan-  
tages for their children.Lewis H. Hollmeyer, supervisor,  
from the office of the state superin-  
tendent of public instruction, told  
of the relationship between teachers  
and pupils. He declared the chal-  
lenge of P.T.A. is knowing boys and  
girls, "for after all, a school is more  
than a building."Keep Morgan County Sound!

Changes Story  
At JerseyvilleJerseyville, Ill., Oct. 27.—(P)—  
State's Attorney Alvin H. Pettitt said  
today that Leonard (Lucky) Haw-  
kins gave a new version last night  
of the quarrel fatal to Alfred Clark,  
23, of Boise City, Okla.Pettitt said Hawkins signed a state-  
ment relating that he wrestled a  
pistol from Clark and fired a bullet  
into Clark's head during an argu-  
ment whether the two should con-  
tinue their drive to the world series  
in New York.Hawkins, a former minor league  
baseball player was set on proceed-  
ing while Clark, owner of the car,  
wanted to turn back, Pettitt said.  
When the pair started out from  
Clayton, N. Mex., they believed the  
series would be played in St. Louis.Pettitt said the new statement de-  
scribed as a "myth" a previous ac-  
count in which Hawkins said the  
altercation grew out of rivalry for  
attention of a woman named "Mil-

**COZY KITTENS**—Snug as can be in their home in a hollow tree are these three little kittens at Effingham, Ill. The kittens have another home in a boiler room at the county jail, and their Mom makes regular trips carrying them back and forth. They spend the night in the jail, then Mom carries them out, climbs the tree with a kitten in her mouth and one by one deposits them in their tree "sun room."

**JET ENGINE POWERS WIND TUNNEL**

London —(AP)—The air-sucking snout of a jet engine has been hooked to a wind tunnel to speed progress of British research into the problems of faster-than-sound flight. Private manufacturers were unable to finance the elaborate machinery, not hook up the jet to a wind tunnel he asked. He tried it and it worked. Other British companies are currents near the speed of sound, adopting the "jet-powered" wind. And they couldn't test their new tunnel.

models without them.

An alert engineer at the English Electric Co. where the new "Canberra" jet bomber is built—watched a jet engine gulping great masses of air through its wide-open nose. Why not hook up the jet to a wind tunnel? he asked. He tried it and it worked. Other British companies are currents near the speed of sound, adopting the "jet-powered" wind. And they couldn't test their new tunnel.

**DDT STILL WONDER DRUG**

Berkeley —(AP)—DDT can still work wonders, say University of California scientists. Here are some things it did in recent tests: Increased alfalfa seed production from 47 to 136 per cent; reduced wormy apples from 40 to one per cent; reduced wormy pears to one tenth of one per cent. But on some tests, another drug, DDD did even better than DDT.

**Scientific Data Captured From Germany Studied**

Atlantic City —(AP)—"The United States is just beginning to reap the benefits from the huge amount of scientific information captured from the Germans after World War II," says Col. Harry A. Kuhn, U.S.A. (retired), president of the Armed Forces Chemical Association.

"The government so far has released more than 100,000 reports with data on synthetic fuels, jet missiles, chemical warfare agents and other subjects, but it will take years to evaluate all the information," he is 37.

told the American Chemical Society. Some of the more important German developments were the Fischer-Tropsch process for making synthetic oil from coal; the manufacture of high concentration hydrogen peroxide; production of white carbon black; the fire-fighting fuel chlorobromomethane; a synthetic substitute for mica, and new insecticides.

**AD IS ABOUT 36 YEARS LATE**

Grand Island, Neb. —(AP)—A Grand Island woman opened her mail to find an advertising letter from a manufacturer of baby foods. The first line read: "Your child will be walking in a few weeks."

The letter's recipient was 79 years old. Her eldest son is in the upper 50's. Her youngest child, a daughter, is 37.

**ROODHOUSE**

Roodhouse—J. H. Pursiful of Jacksonville, a former superintendent of the local schools, spoke before the high school assembly Tuesday afternoon.

**JERSEY COLLEGE UNIT VOTES CONTRIBUTION TO ELSIE MIES FUND**

A contribution to the Elsie Mies fund was voted by the Jersey College unit of the Morgan-Scott Home Bureau, at its meeting held at the home of Mrs. Albert Downing, 183 Grand avenue.

Ten members and four guests, Mrs. Herschel Hickey, Mrs. Veri Hickey, Mrs. Donald Hickey and Mrs. Hobkirk, were present.

The major lesson on "Understanding the Needs of Youth" was given by Mrs. Lena Mastern. Mrs. Merrill Mastern presented the minor lesson on "Care of Synthetics."

Recreation was conducted by Mrs. Alvin Ginder. The prize-winners were Mrs. Herschel Hickey and Mrs.

Clarence Mallicoat. At the close of the meeting refreshments were served.

The November meeting will be held at the home of Mrs. Merrill Mastern and Mrs. Lena Mastern.

**FALSE TEETH**

**That Loosen Need Not Embarrass**

Many wearers of false teeth have suffered real embarrassment because their plates slipped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you just sprinkle a little FAS-TEETH, the alkaline, (non acid) powder, on your plates. Holds false teeth more firmly, they feel more comfortable. Does not sour. Checks "plate odor." (denture)

## Canton, "The Plow City," So Called Because Place Is Just Opposite Namesake

Canton, Ill., Oct. 27—(P)—Canton was so named because its founder, Isaac Swan, entertained the notion that its location was at exactly the opposite side of the world from its Chinese namesake.

Rekin, in nearby Tazewell county, had been laid out a short time prior to the date Swan arrived with a military title to property on which the original townsite was laid out. Swan was determined "that the two celestial cities should be represented at precisely their opposite pole on the earth's surface."

Take advantage of our End of Month Sale. Sensational values in all departments.  
DEPPE'S

Theodore Sergeant was the original settler, but because of an error in the land office at Vandalia, his claim was invalid and he readily vacated the property he had pre-empted, when Swan appeared with his claim. So Swan is credited with being the founder of the city, which has grown to one of approximately 15,000 population.

### Gave Land To Settlers

Swan was an ambitious man, and was determined that his town should be populated at once. So, as an inducement to settlers, he announced

his determination to give a lot to any man who would build and become a settler in the town. Swan kept his offer good until about 1833.

Stipulating, however, in later years, as to the kind of house that should be built.

From that beginning the present city of Canton emerged. Today it is the most heavily populated community in Fulton county, which at one time included all of the area north to the Wisconsin state line, including what is now Cook county (Chicago).

Canton, the "Plow City," is the home of a plant of the International Harvester Company, which employs approximately 3,200 persons. The factory was taken over by IHC on July 1, 1919. To the prestige of Canton plows and other tillage implements was added that of the International Harvester Company which reaches back 118 years to the invention of Cyrus McCormick's first reaper in 1831. The company recently began a \$7,000,000 improve-

ment and rehabilitation program here.

### 600 Miners

Six hundred or more Canton residents are employed in mines adjacent to the city, which have a total of more than 2,000 workers.

The only shaft mine in the area is the Pschirrer and Sons coal company mine, about three miles north of the Canton City limits. A slope mine is operated just outside the city limits, but stripping operations are employed at all of the larger mines.

Truax-Traer Coal company, Little Sister Corporation, United Electric Coal companies, Midland Electric Coal Company, Fairview Collieries company, Morgan Coal company, Little Coal company are among the operators of strip mines in the Canton area.

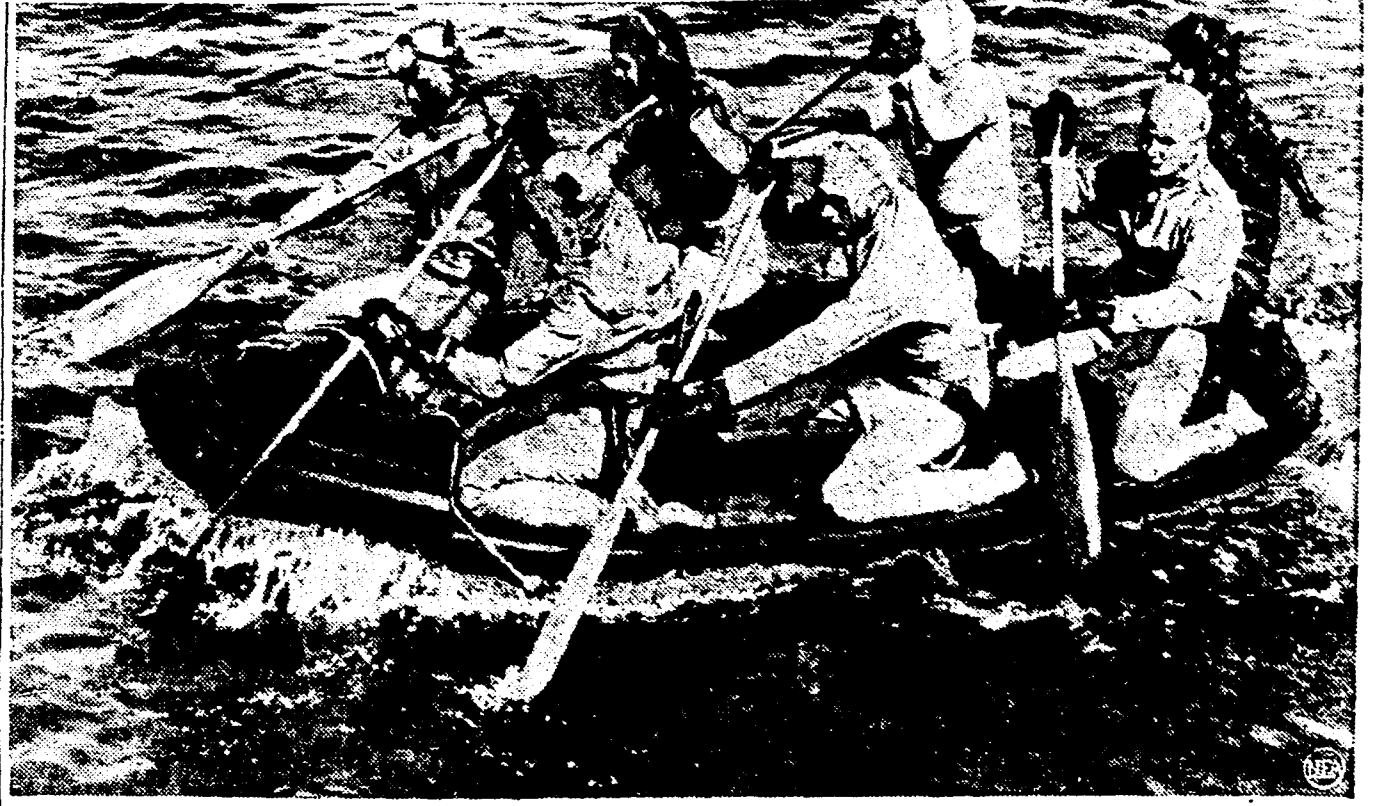

Strip mining is an operation in which electrically driven shovels make cuts as much as 75 feet in depth into the earth, stripping the covering from coal seams, from

which the coal is hoisted by huge shovels, some with nearly 40 cubic feet capacity. It is then hauled to tipplers in powerful trucks which cost approximately \$20,000 each. More than 2,000,000 tons of coal are produced annually.

### 17 Churches

Canton's business district is centered around Jones Park, forming a square in which are located many business establishments, two theaters and the offices of many professional men and women. The city has 17 churches of varying denominations. Two railroads, Burlington, and Toledo, Peoria and Western, serve the city which is served by four bus lines.

The center of central Illinois high school basketball activities, Canton high school has sent 16 teams to the annual state tournament at Champaign, the city which has the only school to have been entered in the state meet more often than Canton.

"IT'S OFF TO WORK WE GO..."—Dressed like fugitives from the Land of Oz, these underwater demolition experts head into action during "Operation Miki," Joint Army-Navy maneuvers off the Hawaiian Islands. The "frogmen" are highly trained swimmers who scouted enemy beaches from Normandy to Anzio and from New Guinea to Japan prior to invasions in World War II.

### BRAZIL'S RUBBER PRODUCTION LOW

Rio De Janeiro—(P)—Production of natural rubber for the first six months of this year ran about 1,856 tons. It may not go over 4,000 for the entire year.

Official figures bounce up and down violently. A total of 4,000 would be just about a record low. Last year it was 5,446 tons, after a dizzy dive from 14,510 in 1947. Record high in 22 years came in 1944 with 21,192. In 1905 rubber was second only to coffee as Brazil's leading export product.

The United States and, a long stretch behind, England, France and Germany, are the main buyers of this year's crop.

### CHINA REDS DROP HONG KONG TRADE

Hong Kong—(P)—Chinese merchants arriving from North China say the Communist authorities there seek to make China independent of "Anglo-American influence."

Red officials in Peking and Tientsin recently told traders they had lost interest in trading with Hong Kong, these arrivals stated. When local merchants objected that China needed medicines and light industrial products they've been getting from Hong Kong, the Reds are stated to have replied: "Do like Manchuria. Buy from Russia."

## Fires, Drought Cut Coffee Crop

Sao Paulo—(P)—Forest fires and a long drought are ruining next year's coffee crop, Silvio Pacheco, of the farmers' association, reported after a tour of the interior areas of Sao Paulo. There are forest fires almost everywhere, he said, and the continued heat has killed flowering coffee plants.

He said it has not rained in two months. If by next moon it does not rain, farmers told him, prospects for next year's crop will be none. Sao Paulo is the greatest coffee producer in Brazil. A reported crop of seven and half million bags has been estimated now at only five.

## BACKACHE, LEG PAINS MAY BE DANGER SIGN Of Tired Kidneys

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

## ANNIVERSARIES OF WHITE HALL COUPLES MARKED AT DINNERS

White Hall—Mr. and Mrs. Charles Cryder were entertained at a surprise dinner in honor of their 49th wedding anniversary, which occurred on Oct. 21. The dinner was planned by their children and members of their families. Those present at the celebration were Mr. and Mrs. Howard Barber, Mrs. Hal Barber, Mr. and Mrs. William Schroeder and seven children and Mr. and Mrs. Gerald Berg and daughter Debbie Jean.

A family party was held at the home of Mr. and Mrs. Earl Painter celebrating their 10th wedding anniversary and the second wedding anniversary of Mr. and Mrs. Harold Havlin. Mrs. Havlin is the former Eileen Painter.

Mr. and Mrs. Edgar Woodruff have announced the engagement of their youngest daughter, Gladene.

to Milburn Clifford, son of Mr. and Mrs. William Clarence Clifford of Vulcan, Mo. No date has been set for the wedding.

## U. N. REJECTS DOG OF PEACE

Lake Success—(P)—U. N. officials have decided not to use a Brooklyn dog whose master says could keep peace in the Security Council. The letter of a 10-year-old boy to the United Nations said:

"I have a dog. He is a German shepherd and his name is Butchie. Everybody in our house is happy when Butchie is around. He is so good in keeping peace when my friends start to fight. I would like to bring Butchie to the Security Council. If there are any arguments Butchie would bark and tell them to be more quiet. I think everybody will then get along much better."

Officials in the office of Tyngvie Lie, secretary general, told the boy they would be glad to see him, but he had better not bring his dog along.

## Historic Church Fireplace Found In Philadelphia

Philadelphia—(P)—An old colonial fireplace that once was part of the First Reformed German Church in this country has been uncovered in a long unused storage loft, one-time site of the church. Now the Reformed and Evangelical Church, it was founded in 1727 in a barn. In 1772 it began the erection of an enlarged church.

During the Revolutionary War the Race Street Reformed Church, as it then was known, had an honorable part in the struggle of the colonists for independence. When the British captured Philadelphia and their troops marched by the church, the ten-year old son of the pastor, the Rev. Dr. Casper Dietrich Weyberg, stood on the doorstep and shouted: "Hurrah for George Washington."

The Hessians imprisoned Dr. Weyberg and used the church as a hospital. In 1837, the city contributed \$15,200 to renovate the church as a historic shrine.

## Gives Chickens Fresh Air

Des Moines, Iowa—(P)—The neat ventilating system, thermostatically controlled, in the new Murray Crisman chicken house enables him to house 1,000 birds in an area that normally would accommodate only 600.

Crisman farms northeast of Vin-ton, Iowa. The ventilating system in the big, modern chicken house, includes an 80-foot long aluminum duct bisected by an insulating material to provide separate channels, one for sucking in the fresh air and the other for blowing out stale air. A 20-inch fan at one end of the building pulls in the fresh air. The house is kept closed.

The guanaco and vicuna of South America are the only living representatives of the camel family out of captivity.

HELPING HAND—Tony Henson, two years old, of Knoxville, Tenn., tries to comfort his dog, Snowball, after the pet was struck and slightly injured by a truck. The pup was hurt while trying to prevent Tony from wandering away from his home.

## WHITE HALL

White Hall—Miss Margaret McGee, R. N., supervisor of the White Hall hospital, is enjoying a two-weeks vacation. She and her mother, Mrs. Jennie McGee of Foodhouse, are visiting with their brother and son, Lloyd McGee of Mason City, Iowa, an uncle, John McGee of Berry, and a brother, Charles E. McGee of Girard.

home of his son-in-law and daughter, Dr. and Mrs. S. Thatcher Hubbard.

Mr. and Mrs. Maurice Perdue and four children of Winchester were Sunday guests of Mr. and Mrs. Norman Jones.

Mr. and Mrs. Oscar Nichols have gone to Charlotte, Iowa, for an indefinite visit in the home of their son, Clarence Nichols.

Miss Jane McCarthy and Mrs. Bob McCarthy assisted Mrs. Carl Brandt in honoring her son, Michael, on his

sixth birthday anniversary. Eighteen young guests enjoyed the party with games and refreshments being served.

Miss Lois Vandettum of Peoria spent the weekend with her parents, Rev. and Mrs. Charles Vandettum.

The October meeting of the P. T. A. has been cancelled due to a conflict in dates with other programs.

## Druggist, Famed For Botany Text Says It's A Hobby

Oakland, Md. —(P)—Joseph E. Harned is 79 years old. He has run a drug store here for 57 years, and he says he is a druggist, not a scientist.

But he has written a botany text

book, "Wild Flowers of the Alleghenies." It is used in schools and libraries all over the country. The botany departments of Harvard, Cornell and other Universities encouraged the work and helped him with it. He has two honorary doctorate degrees. He is listed in "Who's Who" and "American Men of Science." Also, he's a fellow of the American Association for the Advancement of Science. He is the friend of many scientists and of the late Thomas Edison.

He insists, however, he is still

just a country kid pursuing a hobby. His book has been praised both for its accuracy and its popular size. It has brought him letters from all over the world.

The neck of a giraffe, although exceedingly long, contains only seven bones—the same number as are in the necks of most other mammals.

Grebes are usually called "dabblers," "dildappers," "hell divers" and "water witches." They are diving birds related to the loon family.

"PUBLIC OFFICIAL" AT WORK—Richard Feeney, age 5, goes about his duties as the "official squirrel feeder" on the White House lawn. When he visited President Truman with his dad, a White House aide, Richard complained that the squirrels looked underfed. Whereupon, the President immediately appointed him squirrel feeder.

## Makes Baked Bouquets

Los Angeles—(P)—Mrs. Mae DeLano slow-bakes her bouquets. The flowers last longer that way. Here's her recipe for a baked bouquet, suitable for framing: Cut flowers (preferably flat types), leaves and lacy ferns. Place in an oven dish,

cover with clean white sand, and bake for 10 hours in a low oven. After baking, Mrs. DeLano removes the posies, cleans them with a camel's hair brush, and arranges them on a flat backing. She fixes them in position with transparent glue.

Then she carefully clamps a glass, airtight frame over the design and behold—a beautiful picture, painted in nature's own colors. Mrs. DeLano cautions imitators not to underbake. Then the blooms wither under the glass. And don't overbake. The colors fade or turn brown.

## SELF-SERVICE JAIL

Gering, Neb. —(P)—The cooperation was no less than splendid when Sheriff Mahlon Morgan arrested a man for intoxication. The sheriff found the man on the court-house steps.

Without ado, the man handed the sheriff a social security card bearing his name and address. Morgan transferred the man to the county jail upstairs.

Queen bees may live for six or seven years, but are usually replaced when they fail to lay large numbers of eggs.

# Head your Buick for our fountain of youth

NOW'S the time when Autumn calls you out for a ramble in your Buick.

Slide under the wheel and answer that call! Take a Fireball cruise through the countryside, with your heart growing lighter and the years slipping off your shoulders at each mile!

Just one reminder, though. Make sure your Buick is in top shape to keep step with you. First bring it in to us—and let us clean sum-

mer's dust out of your air filter, flush out tired summer crankcase oil with its grit and goo, check your carburetor adjustment to see that you're getting the most powerful, most economical mixture with October's cooler, heavier atmosphere.

We can do this quickly, economically, with a sure touch. Our thorough Buick training and long Buick experience in doing each job the factory-designated way have earned us a reputation—we're the "Fountain of Youth" for Buicks.

To make it easy, we've printed a Fall Check List below. Just tear this out, drive in this week and hand it to us—and when you head out for the open road there'll be a happy smile on your face!

Tear out, this check list—bring it in with your Buick

Fall Checkup—Lights, brakes, tire wear, front-end alignment, oil filter unit, battery, car heater.

Adjust—Carburetor, distributor.

Clean—Air cleaner.

Flush—Crankcase, cooling system.

Estimate—Antifreeze requirements.

Also—Lubricate (bumper-to-bumper lubrication and inspection.)

## Tip for Halloween hits! crisp molasses cookies and hot, fragrant coffee

Make it a party—with crackling-crisp molasses cookies that are easy to bake—and steaming Hills Bros. Coffee. A blend of the world's choicest coffees, Hills Bros. Coffee has a hits-the-spot flavor that's always the same. "Controlled Roasting," an exclusive Hills Bros. process, roasts the blend a little at a time—continuously—to insure an even roast of every coffee bean—none overdone, none underdone. Hills Bros. Coffee is vacuum-packed for utmost freshness.

## OLD-FASHIONED MOLASSES COOKIES

3 cups flour  
3/4 cup sugar  
1 teaspoon salt  
2 teaspoons cinnamon  
1 teaspoon ginger  
1/4 cup shortening

1 egg, unbeaten  
1/2 cup molasses  
1/2 cup cold water  
2 teaspoons soda  
1/4 cup hot water  
Blanched halved almonds

Mix and sift flour, sugar, salt, cinnamon and ginger. Drop shortening on top of this mixture and unbeaten egg on top of this. Mix molasses with 1/2 cup cold water. Pour on top of mixture, stir until well blended and beat until smooth. Dissolve soda in 1/4 cup hot water and stir into batter. Drop by tablespoon on greased baking sheet, 2 inches apart, and bake in moderately hot oven (425° F.) about 10 minutes. While hot, press halved almonds into cookies. Yield: About 3 dozen cookies.

Philathea And Baraca Classes Attend Banquet

The annual union meeting and banquet of Philathea and Baraca classes of Jacksonville and Virginia was held Tuesday evening, Oct. 25.

In Grace Methodist church dining room at 6:30 o'clock. Decorations were in keeping with the Halloween season. Bouquets of garden flowers and black and yellow candles adorned the tables. On the speakers' table was a crystal candelabra with lighted black and yellow candles, a treasured keepsake of Mrs. R. A. Gates of this city.

The invocation was offered by Rev. Clair Malcolmson of First Baptist church. Mrs. C. P. McClelland, teacher of the Philathea class of Grace church, was toastmistress for the evening and introduced the numbers on the program.

Clara Williams, president of the Philathea class of Grace church, gave a review of the combined meetings of the classes, a custom for a number of years.

Henry Busche led in group singing of Philathea and Baraca songs. Vocal numbers were presented by Mr. Buesche, Carmen Covey, Jo Smith, Barbara Omondson and Kermit Breen, accompanied at the piano by Miss Mildred Eubanks.

Dr. A. B. Applebee gave an interesting talk concerning the tour of Europe which he and Mrs. Applebee made this fall.

The meeting adjourned by singing the emblem song of the classes, and the benediction pronounced by Dr. Frank Marston of Grace church.

**SENTENCED TO STATE FARM FOR 3 MONTHS**  
After pleading guilty in county court to a charge of driving a car while under influence of liquor, Roy Hayes, age 36, was sentenced Thursday to three months at the Vandalia state farm.

The meeting adjourned by singing the emblem song of the classes, and the benediction pronounced by Dr. Frank Marston of Grace church.

Girl Scouts Observe Seven Service Days

Sunday, Oct. 30, will mark the opening of Girl Scout Week, when 600 local Girl Scouts will join a million and a half members of their organization throughout the nation to honor the memory of the founder of Girl Scouting, Juliette Gordon Low.

Girl Scout Week features seven service days with special activities designed to highlight the various phases of Girl Scout activities and ideals. Sunday is Church Day, and

all Girl Scouts are urged to attend the church of their choice in uniform; Monday is Homecoming Day; Tuesday, Citizenship Day; Wednesday, Health and Safety Day; Thursday, International Friendship Day; Friday, Arts and Crafts Day and Saturday, Out-of-Doors Day.

The Girl Scouts of Jacksonville will present a series of exhibits in local store windows, typical of each day.

According to Mrs. Orville Foreman, local commissioner of Girl Scouting, Girl Scout Week has been observed annually for more than two decades.

Oct. 31 is the anniversary of Juliette Low's birth and Girl Scout Week always encompasses this date.

Mrs. Low organized the first Girl Scout troop in the United States on March 12, 1912. She died in 1927, having lived to see the organization she founded spread from coast to coast and develop close affiliations with Girl Guide and Scout groups on every continent through the World Association of Girl Guides and Girl Scouts.

The local Girl Scouts are taking this opportunity to say a formal "Thank You" to the individual men and women and to the organization who have helped and guided them in their activities. To the Girl Scouts, this "thank you" is a kind of summing up at the end of the 37th year of their existence as an organization. It is an expression of their appreciation to those adults who have given their support, as leaders, committee members, sponsors, consultants, council members and advisers, affiliated with the Morgan County Community Chest.

**Come In-See How Little It Costs!**  
Where the new Pontiac is concerned, there are just two kinds of people—proud owners and ardent admirers. And for every owner there are ten admirers!  
If you are still among the many who admire Pontiac from afar, we can only tell you this: We are glad you like this beautifully impressive car, but we can't help wondering what keeps you from fulfilling the wish to own one!  
The chances are you are missing a lot of satisfaction and pleasure simply because you do not realize how very, very easy it is to own a Pontiac. For Pontiac, in spite of its unrivaled beauty, is a low-priced car. It is, in fact, the lowest-priced straight eight in America, lower priced by far than a great many sixes!  
And remember, too, there is much more to admire in a Pontiac than meets the eye. There's no sweeter performing car on the road—and certainly there is no car that will deliver more pleasurable miles with less service attention. Pontiac is famous for its easy-going dependability.  
Come in and let us show you just how little money it takes to become a Pontiac owner. You'll be pleasantly surprised—because it's a lot less than you think!

Methodist Women To Convene Friday

The group meeting of the Woman's Society of Christian Service of the Methodist churches in the Jacksonville district will be held Friday in the Methodist church at Beardstown.

The program will continue morning and afternoon, with a sack lunch at the noon hour.

Mrs. A. B. Applebee of Jacksonville, district president, who will preside, just returned from a European tour in which she visited Prague, Czechoslovakia and also saw the D. P. camp where the Latvian family, which now reside on one of the Applebee farms near Jacksonville, was held.

Morning Session

The morning meeting will open at 10 o'clock with the singing of hymns under the direction of Mr. and Mrs. Fred L. Cline and prayer led by the Rev. E. B. Morton.

At 10:15 o'clock the topic, "presentation of the Advance Goals" will be made in four sections by Mrs. Charles Long of Beardstown, Mrs. Katherine Saylor of Pittsfield, Mrs. W. E. Hall of Jacksonville, and Mrs. L. D. Zimmerman of Beardstown.

Mrs. Frank Marston of Jacksonville will discuss "Program Building and the Monthly Program" at 10:30 o'clock, followed by Circle programs in charge of Mrs. Ralph Jasper of Winchester.

Mrs. William Blaser of Beardstown will discuss "Special Days" at 11:15 o'clock in the morning, to be followed by the study program in charge of Mrs. Paul Markillie of Winchester.

Afternoon Program

Noontide prayer will be held at 12 o'clock, followed by the sack lunch.

The afternoon meeting will start at 1 o'clock with hymnal singing and prayer led by Mrs. Victor Roberts of Jacksonville, wife of the new district superintendent. Offering will be taken at 1:10 o'clock.

Mrs. I. J. Graham of Jacksonville will discuss "Missionary Activities in the Children's Division," and Mrs. E. M. Downs of Peoria, conference secretary of Youth work, will discuss "Youth Work."

The presentation of the approved studies for 1949-50 will be made by four women who studied them at summer school under the tutelage of national leaders in the several fields.

Mrs. Clyde North of Winchester will present "Missions at the Grass Roots." Mrs. Lena Kerns of Jacksonville, will discuss, "Japan Begins Again." Mrs. Virginia Strickler of Bowen will present "Women of Scripture," and Mrs. A. B. Applebee will discuss "We, the Peoples of the Ecumenical Church."

The meeting will close with the missionary benediction at 3 o'clock.

Garment Workers' Union Sponsors Lectures At I. C.

The International Ladies' Garment Workers' Union is sponsoring a one-day educational institute at Illinois College on Saturday, October 29, according to announcement by Doris Preisler, educational director for the Union.

The Institute will run a full day with sessions on the industrial scene, the international scene and the psychology of everyday life.

Dr. H. Gary Hudson, president of Illinois College, will welcome the group on behalf of the college.

Mayor Ernest Hoagland, will welcome the group to the city.

The lecturers for the Institute will be Dr. John Shup Wright on world citizenship; Professor Lawrence Paset on the industrial scene, and Dr. Eleanor Olmstead Miller on psychology. All of the lecturers are members of the faculty of Illinois College. Dr. Wright has also been faculty adviser to the Institute.

Meet At Jones Chapel

The session will be held in the Chapel of Jones Memorial Hall on the campus.

Mrs. Preisler will open the session with greetings from Meyer Perlestein, Vice-President of the Union and Director of the Southwestern Region of the ILGWU. Mrs. Preisler will act as chairman for the entire session.

The program will also include group singing by the students during the opening period and a tour of the campus conducted by college students early in the afternoon.

Attending the Institute will be members of Local 309, Assumption; Local 197, Nokomis; Local 193, Pana; Local 409, Quincy; Local 194, Roodhouse; Local 353, Shelbyville; Local 443, Virden; Local 369, White Hall; and Local 275, Winchester.

This is the first in the current series of one-day educational institutes to be held by the Southwestern Region of the Union this year. During the 1948-1949 academic year, nine such institutes were held.

Joseph Giangreco Talks To Members Of College Club

Joseph Giangreco, a member of the faculty at the Illinois School for the Deaf, spoke to members of the Illinois college Psychodelphia club Wednesday evening on the subject of "Teaching the Handicapped."

After a brief explanation of the major problems met by the teacher in special education, the speaker discussed in particular the problems and techniques in teaching the deaf.

The group was told that the philosophy of education for the deaf is continually changing and that great advances are being achieved in assisting the deaf persons to enjoy as pleasant an existence as his hearing brother. The art of lip reading has met with amazing success, and the introduction of hearing aids has opened up new worlds even for those with an infinitesimal degree of hearing acuity. Teaching the deaf to speak requires a prolonged and arduous program, but the results have been very rewarding.

During the war, deaf employees in war production plants proved their worth in industry by establishing a record of less absenteeism, rejects and injuries than the average worker.

Mr. Giangreco explained that at Columbia University, where he did graduate work consisting to a large degree of psychology courses, a program is being carried on in which deaf children begin their training at the age of two and one half years. So successful has this program been that these children, at the age of six, are able to receive training comparable to that provided for the normal six year old child.

As a final testimonial of the possible accomplishments of the deaf individual, Mr. Giangreco told of John Blindt, a graduate of Illinois college, who is now at the University of Illinois working on his doctor's degree. If Blindt, who is an "A" student, receives his doctorate at the university, it is believed that he will be the first totally deaf person to realize such an achievement without special aids or considerations of any kind.

14 New Members Initiated By Elks Wednesday Night

Fourteen new members were initiated into the Elks lodge at a meeting Wednesday evening. Those initiated were Richard A. Osborne, Alan Smith, Willard Cody, Eugene Milburn, Merle Crouse, George Miller, Clifford Thaxton, Harold Walker, William Lynn, Herl B. Jordan, Lewis Sims, Maurice L. Mansfield, Ralph Knepler and William Bottom.

Al Bradbury, district deputy of the grand exalted ruler, made his official visit and inspection of the lodge and also gave a talk on the background of Elkdom. He was accompanied by George Sexoner of the Peoria lodge and J. William Peterson and Mr. McDonald of the Galesburg lodge.

It was announced by Don Hamer, entertainment chairman, that a Halloween dance would be held Saturday, Oct. 29, with Jimmy Conlee and his orchestra. A chicken fry is scheduled for Nov. 16. A floor show will be given by a St. Louis troupe, which will first appear at the Jacksonville State hospital for the benefit of veterans there.

# Crimsons Face Clinton In Homecoming Game; IC Travels

## JHS Preps In Central Conference Duel Under Local Lights, 8 P. M.

Bob Kraushaar's revitalized Jacksonville high school eleven takes a 7-7 deadlock with Winchester, the field tonight against a fair-to-medium Clinton outfit in a grid clash billed as both a Central conference battle and the Crimsons' homecoming event. Kickoff time is 8 p. m.

With that dual purpose in mind the Jacks, who showed a great deal of improvement in last week's mix with Peitshans, are expected to announce their first win of the season. Up to now, the only semblance of

## D. Cochran Leads Greenfield Eleven To 26-0 Victory

Greenfield—Led by Captain Dean Cochran, who was supposedly sidelined with a broken arm, Don Luke-tich's Greenfield Tigers scored a 26-0 Illinois Valley conference grid victory over White Hall's Maroon eleven here last night.

The Greenfield preppers have won three Ivy contests and dropped two. Cochran, one of the state's leading scorers, notched 19 of the winning points. He tallied three touchdowns and plunged for one extra point.

The Tigers scored in the first three periods to take the win. Cochran drew first blood for the Greenfield eleven when he plunged over from the two yard line mid-way through the opening period. The elusive Greenfield half-back scored again in the first quarter when he scooted around right end for 26 yards and touchdown late in the period. Both extra points were registered on line plunges and Greenfield led 14-0.

## Cops Probe Fight In Which Gavilan Lost To Unknown

Detroit, Oct. 27.—(AP)—Did gamblers have anything to do with the surprise defeat of Welterweight Kid Gavilan in a Detroit ring last week? Detroit police launched a full-fledged investigation today to find out.

Gavilan lost on a split decision to Lester Felton, a comparative unknown. To the crowd it appeared that the Cuban, a top contender for the world's welterweight crown, had the edge in almost every round.

## Top College Grid Scorer Mowed Grass In Summer

Abilene, Tex., Oct. 27.—(AP)—Abilene parents aren't having as much trouble as usual getting junior to mow the lawn these days.

That's because junior knows Brad Rowland, McMurry College's mighty half-back, is now leading the nation's scorers and has tallied 963 yards with the ball in six games.

Brad reported in top condition to coach Wilford Moore after a summer of cutting grass. "Brad didn't do it like the rest of us would, though," Moore says. "He did it at a dot trot, for three months."

Modern oil wells commonly reach depths of 10,000 feet.

Harold Kennedy broke into Greenfield's scoring column when he climaxed a series of four running plays with a three yard plunge into the White Hall end zone. Try for extra point failed.

The Tigers tapered off with a last touchdown in the third period when Dean Cochran set up a scoring opportunity with another 20-yard jaunt. He plunged over from the White Hall two on the next play. The plunge for extra point failed but Greenfield had more than enough points to wind up with a 26-0 edge.

White Hall threatened twice, once in the first and third quarters. They were stymied deep in Greenfield territory.

Greenfield racked up 13 first downs to the Maroon's nine. The Tigers were penalized five yards while White Hall drew but 10 yards in penalties.

## Justice Dept. Says Baseball Rules On Tv, Radio Okay

Washington, Oct. 27.—(AP)—The justice department gave major league baseball the signal today to go ahead with its new set of rules for broadcasting and telecasting games.

It took that action in calling off the investigation it started two years ago to determine whether the big league club owners had put "unreasonable restraints" on use of such facilities.

The department said it hopes the new plan worked out by Commissioner A. B. Happy Chandler and representatives of the American and National league clubs will operate better for the benefit of fans and the businessmen who finance the broadcasts and telecasts.

At the same time, the department warned that if future developments warrant it will take "appropriate action."

The department launched its probe after many radio stations had complained about the "unreasonable restraints" put in their path by the old major league rules.

## CHICAGO LIVESTOCK MARKET REPORT

Chicago, Oct. 27.—(AP)—Steers and heifers were steady to 50 cents and more lower today. Four loads of choice 900 to 1,050 pound yearling steers brought \$37.50 to \$41.00 a hundred pounds.

## Routt Gridders Clinch Loop Crown With 50-19 Win Over Arenzville

Arenzville — The Routt Rockets zoomed unchecked towards an undefeated six-man football season at Arenzville last night when they blasted the Raider hosts 50-19.

Henry notched one of his touchdowns late in the first quarter after A. J. Spreen and Danny Whalen had set him up on the five-yard line with runs of 21 and 13 yards each. Spreen passed to Whalen for extra point and Routt led 13-6 as the first quarter ended.

Dick Ruppel made it a ball game early in the second quarter when he banged through the Routt line and lugged 62 yards for an Arenzville touchdown. Again a pass for extra point was incomplete, leaving Routt out front 13-12.

Then the Rockets rolled. Spreen snarled two beautiful aeriels, the first to Casler on the Arenzville 20 and the second to Lonergan in the end zone for a TD. Spreen booted the extra point to add two points to the Routt total, 21-12.

Lonergan Scores Again

Later in the second quarter Spreen threw 30 yards to Casler who was downed on the Raider three. Kennedy banded around left end for two yards and Lonergan wiggled through center for a marker. Spreen kicked again and Routt led 29-12 at halftime.

It was the same actors using the same script in the third quarter. Lonergan intercepted a touchdown labeled Arenzville pass on his own 10 yard line and returned to midfield. He grabbed a handoff from Spreen and made the Raider 20 his next stop. After two futile plunges into the Arenzville line, Lonergan's signal was called and he barged through center for 20 yards and another touchdown. Eddie Flanagan tried his luck in the drop-kick department and split to goal posts to put Routt in the driver's seat 37-12.

Spreen threw to Jack Bonjean to the Arenzville seven as the third quarter drew to a close. Henry hit the Arenzville line three times and came up with a touchdown. Flanagan's kick was blocked and the third quarter scored read Routt 43, Arenzville 12.

Each team scored in the fourth quarter. John Kennedy chucked a 30-yarder to Lonergan who out-jumped three Arenzville defenders in the end zone. Spreen passed to Tower for the extra and the Rockets 50th point.

Frike passed 30-yards to Don Wessley for Arenzville's final score with only seconds of play remaining. Ruppel planned for the extra point. The contest was Arenzville's final of the season. They wound up with a record of five losses and one win.

Arenzville could muster but four first downs, while Routt was coming through with 15. Routt was penalized 30 yards and Arenzville five.

Routt Quarterback A. J. Spreen wasted no time getting his growing arm limbered up when he threw 10 yards to Dick Casler for his out-fits first touchdown minutes after the game got underway. He tried to kick for the extra point, but it was blocked and the Rockets led 6-0.

Arenzville Bounces Back

Arenzville bounced right back when Don Wessley and Dick Ruppel carried the mail down to the Routt 24-25. Sheep were steady.

Estimated salable receipts included 10,000 hogs, 3,500 cattle, 400 calves and 2,000 sheep.

## Rock Island, Sterling Meet Big Foes Friday

Springfield, Ill., Oct. 27.—(AP)—Ship of the north suburban loop bunting.

The weekend's top intersectional attraction sends Moline's powerful Northwestern club to East St. Louis Friday. A whirlwind ground attack is Moline's main asset and could prove decisive, although the host flyers have patched up early season holes in their defense and may have the answer.

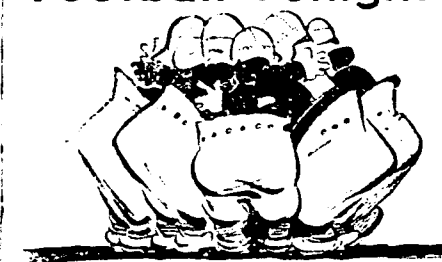

At Centralia Friday, Coach A. L. Trout's orphans and Benton's Rangers will meet in a duel that probably will settle the south seven flag argument. The contestants are undefeated in league competition with three wins apiece, and lead the pack. Fans look for no radical changes in the big 12 and big eight races, where front running elevens are heavily favored.

In the big 12, Champaign is the choice over Mattoon and Springfield Friday in a North Central match. Ottawa has an even split in six games so far, but two defeats came in close tussles with strong foes. The warriors are out for a sixth triumph.

Dwight, paced by fullback Don Oelschlaeger with 89 points, takes on field over Bloomington. Untamed Peoria manual, tied for first with Champaign and Springfield, faces an outside opponent in Peoria Woodruff.

West Aurora's big eight pacemakers figure to make it seven victories in as many 1949 starts over an East Rockford club that hasn't been able to dent the win column in six tries.

## Browns Announce All Players Over 28 For Sale, Trade

St. Louis, Oct. 27.—(AP)—The St. Louis Browns announced late today that all of their players over 28 years old—including Gary Priddy and Bob Dillinger—are up for sale or trade.

At the same time, Bill Dewitt, president of the Browns, announced a reshuffling in the club's farm system. Nine clubs are being dropped and three new ones are to be added—leaving the Browns with a total of 14 farm clubs.

Dewitt said at a press conference that the Browns are pulling out of Elmira, N. Y. (class A), Springfield, Ill., and Reidsville, N. C. (class B). Globe-Miami, Ariz., Gloversville, N. Y., Salinas, Calif., class C, and Olean, N. Y., Mayfield, Ky., and Wausau, Wisc. (class D).

The Browns are going after one new club in class A, one in class B and one in class D.

Bill Dewitt and his brother Charlie, Brownie vice president, said they are interested in getting "good ball players," but especially needed a shortstop, and then a pitcher.

They said their players of 28 or under are "not available for sale or trade. This, they explained, is in keeping with a five-year plan to make the Browns a contending club.

## Redskins Agree To Leave Williams With Richmond

Washington, Oct. 27.—(AP)—A federal court order to prevent the Washington Redskins from using Center Joel Williams was cancelled today after the Redskins promised they would leave the Richmond Rebel player alone.

The Redskins said they had sent Williams back to Richmond, and that they no longer were interested in him.

So Justice Henry Schweinhaut of the U. S. district court dropped the restraining order he had issued against the Redskins last week. A similar restraining order, against Williams himself was kept in force.

The lawyers of the two professional football teams have been playing each other since Williams, a 225-pounder from the University of Texas, said he was switching from Richmond to Washington.

The Redskins claimed that the Redskins were offering Williams more money, and that this was causing Williams to break the contract they had with him.

## Blueboys At Carthage Tonight For CCI Tilt; Sam Spink Will Start

Seeking to improve its seventh-year fall. It shows Don Longer and Ralph place rating in the Little Nine football race at Miller's Illinois College. Spink, tackles; George Florence and grid club travels to Carthage tonight to take on the Redmen in a conference tussle.

The Hilltopper's standing in the sewed-up CCI league belies their success on the gridiron this season. Though they own a record of one tie and one loss in the conference, the Blueboys have been super-successful in non-league tangles. The Hillermen clipped Eureka, McKendree and Principia outside the conference to boost their football prestige considerably with a 3-1-1 record.

Sam Spink Will Start

A touch of drama will be added to this game which otherwise would be tabbed just another football clash. Sam Spink, 230 pound tackle, will make a second attempt to fill his line-birth after a pre-season knee injury has forced him to sit out the bulk of this season. Twisting his knee the first day of practice early this fall, Sam was sidelined until the North Central game here three weeks ago. He started the game and stuck it out for one quarter before a blocker found his sore knee and benched him.

Spink, a fourth year Blueboy regular co-captained the collegians last season, along with twin brother Jim. His absence has weakened the Hill-toppers both physically and mentally and his return should inject new spirit into the entire team.

Also listed as starters are Captain Don Longer, end, and halfback Dave Billings who were slightly injured in an auto wreck last Friday night and missed the McKendree homecoming contest here Saturday afternoon.

Don Smith, halfback who has missed one game with a chipped ankle bone, was back in uniform last night and will be used on defense, Miller stated. Used with Smith on defense will be John DeLaPaz, speedy ball-carrier, who has had ankle trouble of late and isn't ready for offensive work. Both of these boys are hard and sure tacklers and will do a lot for the Blue-boy defense.

The starting Blueboy line lists an impressive array of names. It's practically the same forward wall that proved itself a powerhouse last season and will be taking the field as a unit tonight for the first time this year.

## Morgan Coal Reserves Down To Low Levels, Cold Weather Feared

Jacksonville is faced with a critical coal shortage, local dealers said yesterday. If abnormally low temperatures should strike this area there would be untold suffering.

The city's stockpile has dwindled during the past few weeks. A survey disclosed Thursday that many local residents have only a few bucketsful in their bins.

## Probation Officer Strikes Halloween Damage By Youth

Major Henri Servais, Morgan county probation officer, in a statement Thursday morning admonished parents to make a special effort to warn their children that there is a law against trespassing on other people's property, even though it is the Halloween season.

"Youngsters can have fun and lots of it without causing damage and grief to people such as is done by deflating tires or moving signs and other articles from one location to another," the mayor said.

He pointed out that last year one boy was not satisfied with "soaping" the windows of a private home, but after getting back to the sidewalk he hurled the bar of soap through the window and ran.

"Acts of this nature are not regarded as pranks and they can result in very serious consequences. Youngsters having such inclinations are sure to find it difficult to find a sympathetic ear if apprehended. Let pranksters have their fun," he continued, "but let's keep it within the bounds of decency by respecting the property of other people."

## Harry C. Hewitt, Uncle Of Morgan Residents, Dies

Harry C. Hewitt, 70 year old piano tuner, passed away quietly at the Herrick Memorial hospital in Berkeley, Calif. at 1 p.m. Wednesday. He was a resident of Oakland.

## SPEND A QUARTER FOR GAS—YOU'LL AROUSE SUSPICION

One way to arouse interest and suspicion is to roll into a filling station and buy a quarter's worth of gasoline.

A stocky youth did it in Pittsfield yesterday morning. Within a few moments the Pike county sheriff's office was notified and a deputy called Jacksonville police to ascertain whether a blue Chevrolet tudor had been reported stolen here.

The police had no such report. But shortly afterwards they learned that the car was owned by Mrs. M. V. Brewer, School for the Deaf instructor, and it had been taken from its parking place on the school grounds around 9 a.m.

The youth was described as being 17 to 19 years old, wearing a black and blue plaid jacket, dark work pants and army shoes. He had been seen earlier in some of the hallways at the school and had told students that he was headed for Kansas.

He had headed west out of Pittsfield, with a little more than three quarts of additional fuel sloshing around in the tank. No word of him, nor the car, had been received by local police late last night.

## Basement Blaze Causes Damage At Oil Company

Fire of undetermined origin caused considerable damage to the basement of the Davidsmeyer Oil company office building at 545 Sandusky street shortly after 11 a.m. Thursday.

The blaze was discovered by Carl Ehler, bookkeeper, who was working in the office. Ehler noticed smoke pouring from the basement windows and called the fire department.

When firemen arrived they found clouds of smoke billowing from the basement windows. Downing gas masks, the firefighters started battling the flames. A line of hose was laid and within 10 minutes the fire had been brought under control, but it was several minutes before the smoke permitted the firemen to enter the basement.

The fire was confined to the basement where many articles were stored, including a boat motor and several blankets. An oil heater and hot water heater were badly damaged, as were the contents.

Chief Charles Lonergan and Mr. Davidsmeyer said no estimate of the damage could be made until a check was completed.

The floors of the office building were not damaged.

### FIREMEN "SAFE" H.S. SCRAP PILE FOR HOMECOMING

A big pile of scrap wood collected by Jacksonville High school students for their homecoming bonfire was "saved" by the fire department Thursday during the noon hour.

The pile of bonfire material consisting of boxes, boards, barrels and a few pieces almost as large as "saw logs," stacked on the athletic field,

became ignited from an unknown cause. Firemen responding to an alarm at 12:20 p.m., using a booster pump to put out the blaze.

Last week the Illinois College homecoming bonfire was touched off prematurely several nights in advance of the celebration.

## Washington's Rolling Juke Boxes Latest Controversy To Warrant Hearings

By FRANCIS J. KELLY  
Washington, Oct. 27.—(P)—Does a street car company have a right to turn its vehicles into rolling juke boxes? Does a mellow waltz or a bit of bebop soothe and relax the harried traveler? Or does it bring out the best in him? The Public Utilities Commission of the District of Columbia aims to get

some answers to these and kindred questions today at a public hearing on the Capital Transit Company's recent trial installation of short wave radio receivers on some of its street cars and buses.

### Already Tried

The strapangers' consoles have been in operation several months on some routes. An FM station broadcasts a selected program to them—weather reports, news summaries, a snatch of a tune.

Also commercials. The radio station pays the transit company for the privilege of serenading its passengers. The passengers form a select if captive audience for the program sponsors.

Public reception of the new attraction has been sharply divided.

Fine and dandy, say the music lovers. Off to work they go with a liver medicine ringing in their ears. Readers, dreamers, philosophers and other people on the ragged edge of being driven nuts by modern civilization call it a dark plot against sanity.

They said so in the letters-to-the-editor columns of Washington newspapers, intensely and repeatedly. The pro-music bloc struck back with an obligato and a couple of fugues. Some tone-deaf fuddy-duddies are trying to set rapid transit back to the horse-car days, they fumed.

### Warranted a Hearing

The Public Utility Commission decided the matter warranted a hearing. That was after a man wrote the regulatory body that he sure was glad to be back in New York and away from the "din and clatter" of his Washington street cars.

The anti's have formed an organi-

zation called the Transit Riders' Association. One of the charter members, Miss Eunice Graham, summed up her ideas of the radio programs: "They tell you the weather when you're left your umbrella at home; they tell you the time when you're already late for work, and they tell you the news, and it's all bad."

One woman at the organization meeting believes in direct action. She said she'd found where the master switch on the cars is located and just reaches down and turns off the multiple speakers. "Done it two dozen times and nobody seems to object," she reported.

### ANCIENT CHANGE MADE MODERN HORSE

Berkeley, Calif.—(P)—The modern horse looks like he does today because of a great climatic change in North America 35,000,000 years ago. This is the conclusion of a study by Dr. R. A. Sinton, associated professor of paleontology at the University of California.

The ancient ancestor of the horse fed on soft plants in the present U. S. Great Plains area, says Sinton. This horse had short, low crowned teeth. Then the climatic change brought hard grasses to the Great Plains. It took long teeth to chew them. Horses with long teeth were the ones that survived. Hence modern horses have "horse" teeth, Sinton says.

### PRESENTS CREDENTIALS

Amsterdam, Oct. 27.—(P)—Selden Chapin, new United States ambassador to the Netherlands, presented his credentials today to Queen Juliana at a short ceremony in the queen's palace here.

## Executive Board Of Home Bureau To Hold Meeting

The first meeting of the newly-elected officers which form the executive board of the Morgan-Scott Home Bureau will be held Wednesday, Nov. 2, in Farm Bureau hall.

The meeting will begin at 10 a. m. and will be in progress during the morning.

In the afternoon, a training school to familiarize the new officers with the duties of their jobs will be conducted by Miss Gertrude Kaiser, home adviser-at-large from the extension service of the University of Illinois.

On Thursday, Nov. 10, a similar school will be held for the officers of each unit.

Those on the executive board, who were elected at the annual meeting Thursday, are Mrs. James Dunlap of this city, president; Mrs. Richard Sayre of Franklin, vice president; Mrs. W. G. Watt, Murrayville, secretary; Mrs. C. J. Long, Longview, treasurer; Mrs. E. H. Hammer, route four, Jacksonville, 4-H chairman; Mrs. J. E. Long, Ashland, rural youth and recreation chairman; Mrs. Lloyd Moss, Jacksonville, major projects chairman; Mrs. Marvin Tholen, Winchester, minor projects chairman; Mrs. Glenn Kendall, Jacksonville, publicity chairman, and Miss Rose Ranson, Jacksonville, legislative and education chairman.

## Homemaker Tiles Bathroom For Holiday Glamor At Home

BY MARJORIE SCILKEN  
NEA Staff Writer

This shining, modern bathroom shown (center) was an eye-sore until the lady of the house tiled it with new pastel-colored plastic tiles.

The five sets of parents formed a twin club, and agreed to pass on to other mothers and fathers of left double editions any clothes their children outgrow. In turn, they want parents of older twins to join the club and hand castoffs down to them.

last step of the bathroom remodeling job which took five hours, very little money, and no skill.

This project is an example of the help that's at hand for shabby bathrooms which so many women would like to rescue from ugliness in time to make a prouder display of their homes for the Christmas holidays.

Available in vivid or pastel colors or marbled surfaces, tiles can be glued on to stay by the most unskilled hands. They cover walls of plaster, board or plywood and are available at department stores, plumbing shops or supply houses.

For cementing tiles, a special cement called "mastic" is available. So is a wall-tile cleaner used to sop-

Delegates Named  
By VFW Auxiliary  
At White Hall

White Hall—V.F.W. Auxiliary, No. 7622, met Monday night at the "Island Annex" at which time Frances Steckel was elected delegate and Mrs. Jack Bishop alternate delegate to the Meeting to be held in Jacksonville early in November.

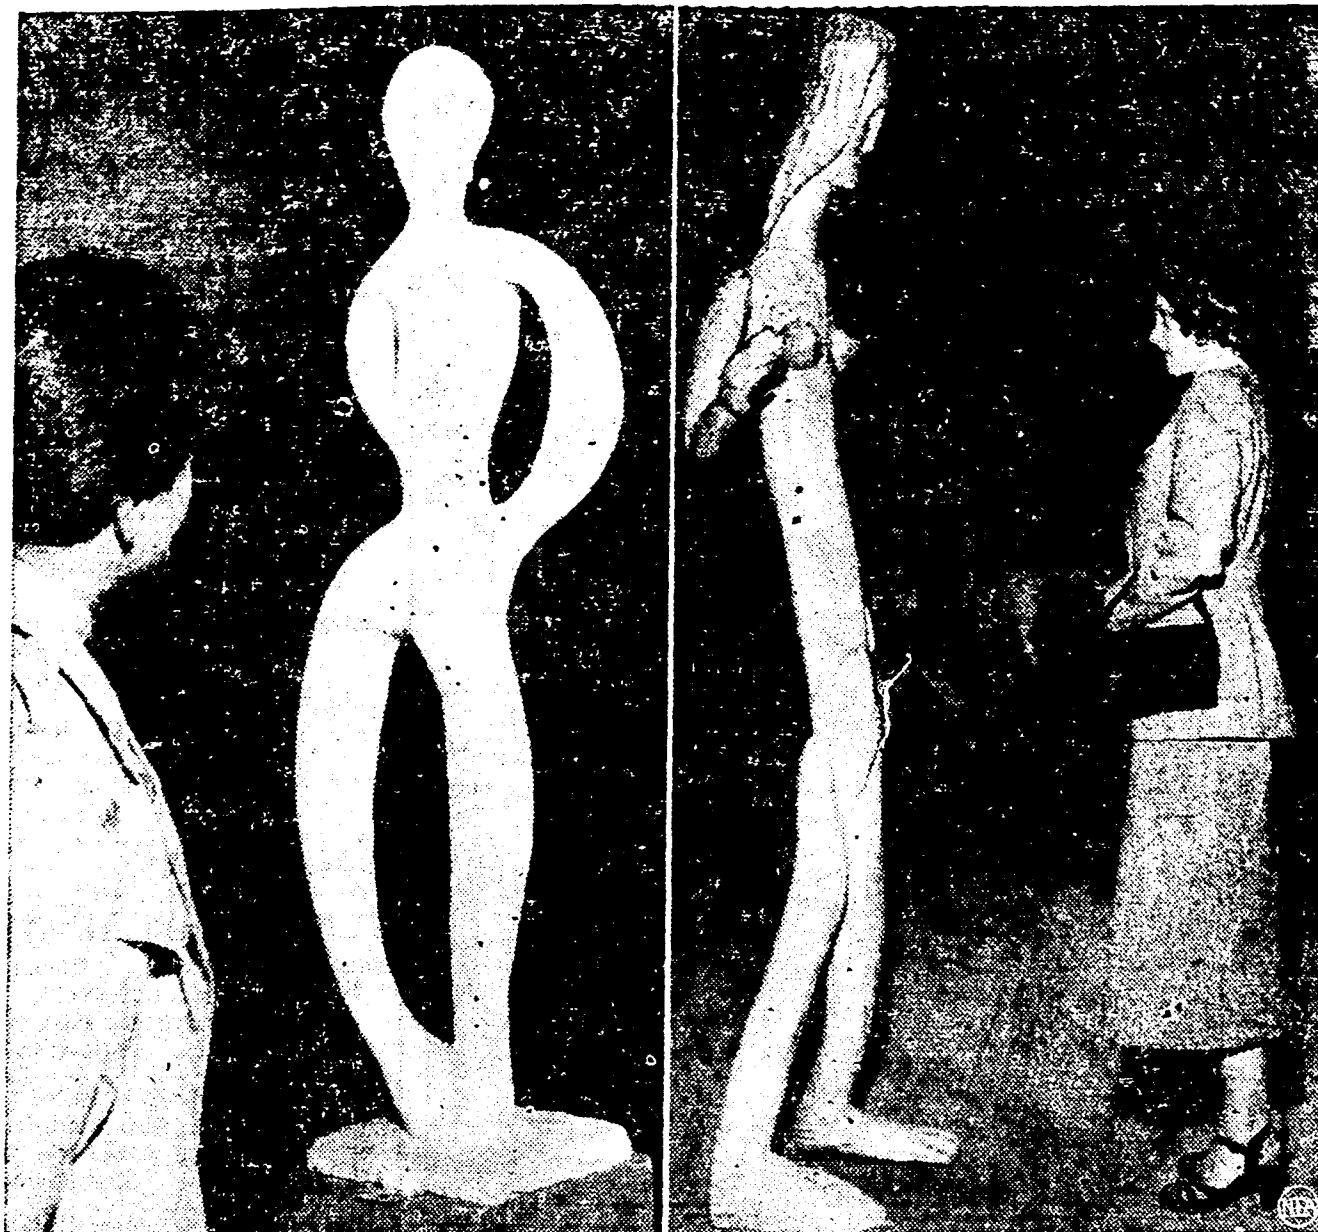

A group will go to Jacksonville on Monday, Oct. 31, to visit veterans in the Jacksonville hospital and take a donation of cigarettes, candy, playing cards, etc. The group will include Mrs. Mae Richards, Mrs. Louise Tilley and Miss Dorothy M. Young.

The Day Unit of the Home Bureau will meet Thursday afternoon at the home of Mrs. J. L. Guis, with Mrs. Lee Gaiswood mother of Mrs. Guis, assisting as hostess. Mrs. Julian Hutchens and Mrs. Austin Wiley will give the major lesson on "Recreation in the Home" and a local leader, the minor lesson on "Detergents."

## ROODHOUSE

Roodhouse—The La Tier comedians will give two performances at the high school Friday, one for the junior high and high school at 11 a.m. and the other for the lower grades at 1 p.m.

Miss Mabel Hopkins gave a dinner at 7 p.m. Wednesday in honor of her cousin, Mrs. Delbert Driver of Carrollton, whose birthday was Oct. 25. Guests were Mrs. Guy Bridgewater of White Hall, Mrs. Meda Dowdall of Carrollton and Mrs. J. Lee Hopkins, Mrs. J. M. Martin, Mrs. G. B. Todd and Mrs. Buell Cuddy of Roodhouse.

**SURREALIST SCULPTURE SHOWS STRING-BEAN INFLUENCE**—A trend toward "under-nourished" statues appeared at a showing in Paris by "Les Surindépendants," a group of surrealists, cubists and realists. The statue of the dancer, left above, was described as "one of the more conventional" works in the show. The title of the piece at left—and the question it seems to be asking—is "Am I Beautiful?" (Photos by NEA-Acme staff correspondent Rene Henry.)
